Hoffman Zoning Case Monday

LINCOLN ESTATES — Considerable public interest is being shown in the proposed re-zoning of approximately 600 acres of farmland on the north side of U.S. 30, west of Harlem Av., where Hoffman Rosner Corporation plans a large development. The hearings will be held Monday night, May 25, at the Ann Rutledge School, Lincoln Highway at 80th Av., starting at 8 o'clock, according to the pub-

lished legal notices.

Twenty-eight re-zonings are sought — six R-1 (single family residence) six R-3 (multiple dwellings); three B-1-A (food, drug and other retail stores); three B-1-C (garages, gas stations); six I-1 (light industry); two B-4 (package liquor store); one B-1 (drive-ins), and one B-2 (taverns, nightclubs, etc.).

According to available information there is opposition to the proposed develop-

ment. At a meeting last winter at Lincoln-Way High School a representative of the Hoffman-Rosner Corporation discussed the development. Lincoln-Way High School, and two elementary districts, Ann Rutledge Dist. 56-C, and Summit Hill Dist. 161 (Arbury Hills School), would have their enrollments increased. Information given school officials was that the two elementary school districts could expect a rise of 3,000 in their pupil population while Lincoln-Way's enrollment would be up a thousand.

The three school districts are said to have reached their maximum of bonded indebtedness so even if land were given by the developers for school sites the districts would have difficulty in financing additional buildings.

Additional schools would mean additional teachers and the school boards involved are wondering where the money would come from.

Approval

NEW LENOX -- Lincoln-Way High School has been placed on the list of secondary schools approved for the 1969-70 school year by the North Central Association of Colleges and Secondary Schools.

There are 3,725 other secondary schools on the accredited list, more than 500 colleges and 93 junior high schools, all working, the Association points out, for the continuous improvement of education in the 19 states the North Central serves.

Water, Water, Everywhere

SOUTHWEST — Fields, ditches, streams, as well as basements, streets and sewers have had one thing in common the past fortnight — a lot of water.

Rain gauges failed to tell the story in some parts. Either they were not large enough to hold it all or no one got around to emptying them and noting the amount of rainfall.

The official precipitation measurement for Joliet May 12 was less than two and a half inches. Frankfort householders reported three inches and at Mokena it was estimated about four inches fell that night. It rained again Wednesday and last Thursday bringing the total to approximately six inches. Add the rainfall of the previous week and certain areas have had from eight to 10

inches of precipitation, it was reported. Residents could be thankful that it wasn't in the form of snow. That much precipitation as snow would have been up to the eaves on most homes.

Drainage ditches have overflowed as have most streams, including Hickory Creek. Hickory Creek was over its banks in many areas. The Paul E. Charles home on the east side of Wolf Rd. and the south bank of Hickory Creek was practically marooned by the rising water.

At New Lenox Hickory Creek went across Cedar Rd. and into the New Lenox Lumber yard. To release water along South Pine St., between 2d and 4th avenues, village crews dug another ditch along the side and plan to replace existing culverts.

38 BEAUTIFUL NEW flower baskets will grace the poles of the Main and Stephen streets, and shopping plaza business areas, hopefully by Memorial Day, May 30. The Lemont Chamber of Commerce has purchased baskets worth \$1,200 to replace five-year old ones. The baskets, with American Flags, will be put up, said committee chairman Peter Kluge, by the Dalpos and Sons Co. "We want to beautify the business areas," Kluge explained. The supplier is in Chicago, and if a delay is imminent because of the truck strike, "we'll use our own truck to pick them up," Kluge said. (GRAPHIC Photo)

Taft Referendum Vote Is Saturday

LOCKPORT — The voters in Taft School District 90 will be asked to raise the district's educational rate 45 cents when they go to the polls on May 23. The rate is currently 1.33 1/2 per \$100 assessed evaluation.

School officials have stated several reasons why the increase is necessary. The assessed valuation and tax levy has reduced 30 percent in the last five years, while the average daily enrollment has increased 31 percent. The district's yearly expenditures have increased 49 percent in the last five years. The district has a cumulative deficit, over the

last three years, in the education fund of \$75,000.

The polling place is Taft School and the hours of the election are from noon to 7 p.m. If there are any questions, or if voters would like a ride to the polls, they are asked to contact the school at 838-0408; Richard Cronholm, 838-5196; Norman Kolmodin, 838-6866; Bud Jagers, 838-1767; Glenn Carlson, 838-1219; Earl Greene, 838-0304; Keith Wilson, 838-3597; or Ed Sly, 838-3946.

Jr. Prom At L-W High

NEW LENOX — The annual Junior-Senior banquet at Lincoln-Way High School is to be held tomorrow night, May 21, in the Sabre Room, Hickory Hills.

And on the next night and at the same place the annual prom, given by the junior class for the graduating seniors, will be given. Music will be provided by Bill Carnegie.

Bonnie Bolker is general chairman of the prom committee. The invitation committee is made up of Diane Hossbach, Lori Woodman, and Katy Senesac.

Task Force Date Is Set

LOCKPORT — The District 205 Board of Education has received a reply to their letter to the North Central Association. The letter, from Lowell B. Fisher, stated the letter was not answered sooner because he was not sure the letter was really from the board, since there was "no name, no title, and no signature."

Dr. Fisher's letter further stated that while he had received some very good letters from Lockport, he had also received some unsigned "crank" letters.

He proposed that a Task Force be sent to Lockport the first part of June, to be made up of Boyd Bucher, Guy Cornwell of the Illinois Association of School Boards; Robert Grant and two staff members from the office of the Superintendent of Public Instruction; Dr. John Kemp, an associate of Fisher's and Fisher himself.

He suggested that after spending the day at the schools, the group would meet in the evening at a dinner hosted by the school board and present their reactions and suggestions.

Board members felt that it would be more appropriate if the Task Force met with the community at an open meeting. William Brill, board president, stated that the last time a task force was here, in 1957, all meetings were held behind closed doors, and that he definitely felt a public meeting would be an asset.

The board has set Monday, June 1, at 7 p.m. at Lockport Central High School for the meeting. This is subject to the availability of members of the task force.

The North Central Association has informed the board the district has been put on "Accredited-Warned" status, in action taken at the annual business meeting of the Association in Chicago on April 8.

They listed deficiencies in education hours for some staff members, lack of community support, the instructional program, a 3,000 volume deficiency in the library at Lockport West, and the board-administration relationship as criteria for their appraisal.

SUCCESS CROWNS the work of Oakview Junior High School students at New Lenox in their fund campaign to aid Trinity School on Gougar Rd. In two weeks' time youngsters, putting a lien on their lunch money and getting donations from other pupils, raised \$461. The undertaking was spearheaded by the student council, two of whom, Mavis Woodcock, the vice-president and Steve Scott, president, are shown here at the presentation of the check to Charles Kite (second from left), administrator of Trinity which teaches educable retarded youngsters. Walter Heap, of the Oakview staff, is at the extreme left, and Mrs. Georgia Pinkel, also an Oakview teacher, is at the extreme right. Mr. Heap and Mrs. Pinkel were the faculty sponsors of the fund raising. (GRAPHIC Photo)

Mokena Police Make Awards To Citizens

MOKENA — Observance of National Police Week here wound up last Friday night in a reverse role. Instead of police being recipients of citations, to which they were entitled for their service to the community, it was the police who singled out members of the community for awards.

Approximately 60 persons were present, by invitation, at the brief ceremony conducted in the new primary

school at Willocrest with Police Chief Wayne Ryder presiding. The Colors were advanced and retired by the Color Guard of William E. Martin Post, V.F.W. and the Rev. Laslo Hunyady gave the invocation and benediction.

The citations, inscribed and framed and bearing the village seal, were all surprises as far as the recipients were concerned.

James A. Raffauf, an airline captain, was cited for his observation and action which resulted in saving of a life, and Larry Spiess, employed by an oil company, was also cited for his part in saving a child's life. He kept the child alive enroute the hospital with mouth-to-mouth resuscitation. The youngster lived. Janet Bosworth, formerly of the Joliet Herald News staff and now doing graduate work at Northwestern, and Glenn Logan, regional editor of the SOUTHWEST GRAPHIC, also received awards.

Top citation was awarded Fire Chief Robert Rust, not only for his aid to the police department on countless occasions, Chief Ryder said, but for the many years he has donated time and effort in the service of the community. He has been chief of the Mokena Community Volunteer Fire Department since 1956.

Refreshments were served by wives of members of the police department. The punch was served by Mrs. Henry Clark, whose late husband was a member of the village board and police commissioner.

Members of the village board were in attendance and Mayor Will Tuttle spoke briefly, congratulating recipients of the awards.

CORRECTION

In the annual report of the Frankfort village treasurer carried in the May 13 issue of this paper the item, "Dog Licenses" was listed under receipts but the amount received was inadvertently omitted. The amount was \$1,241.

Discuss Planned Unit Development At Mokena

MOKENA — Representatives of the Mokena village board, zoning board, plan commission and industrial committee after a two-hour discussion last Wednesday night on a proposed planned unit development for the Owen Land Trust adjourned with the intention of meeting again when the architect-planner, James B. Clarage, of Lockport, is ready with specifications and specific requests. A pre-annexation agreement has been suggested.

The Mokena zoning ordinance does not cover planned units and there was talk concerning various actions that could be taken. It was possible that general revision could be made of the zoning measure. The Mokena ordinance does not have any regulations covering high rise apartments, such as are planned for the development.

It was pointed out that if a general revision is not made perhaps an ordinance could be adopted covering this project, or variations could be granted.

Village Attorney George

E. Sangmeister said that Calumet City, Evergreen Park, among other communities have separate ordinances covering specific projects. It was also suggested that an ordinance be drawn for each phase of the project, and there could also be variations allowed for each phase.

According to Ralph Yunker, an engineer for the county highway department, the county is studying a proposal to adopt a separate section to its zoning ordinance which would cover planned units. Naperville has such a separate provision he said.

Representing the village board at the meeting was Mayor Will Tuttle; James Quinn, chairman, was there for the zoning board of appeals; Cadet W. Cottingham, who heads the industrial committee, was there for that body, and the planning commission was represented by its co-chairman, Walter Welsch.

There are 226 acres in the Owen Land Trust. It runs from the Michigan Central

tracks on the south to north of Hickory Creek, and is about half a mile west of Wolf Rd.

In a previous presentation to the village board Clarage said that the north 58 acres would be devoted to residence. Then there would be an open space of 22 acres, which would include a sewage treatment plant on Hickory Creek. The development is planned to preserve the Upper Hickory Creek watershed area, Clarage said.

South of the creek would be a 45 acre residential section and another 10 acre conservation area.

On the south side of U.S. 30 would be 14 acres for commercial purposes and 17 acres devoted to the same purpose on the north side. A man-made lake covering 15 acres is planned for south of the highway, also another 10-acre conservation area and 35 acres for residences. The proposed industrial section would lie along the railroad tracks.

A total of 138 acres will be used for residential purposes, it was said.

TO GRADUATE from DeAndreis Seminary near Lemont are, in the top photo, on the left, from top to bottom, Rev. Philip VanLinden, C.M.; Rev. Patrick Hanser, C.M.; Rev. Ronald Rees, C.M.; Rev. Richard White, C.M. Right, top to bottom: Rev. Robert Bluis, C.M.; Rev. Richard Gielow, C.M.; Rev. Ralph Glaser, C.M.; Rev. Thomas Daspit, C.M. In separate picture is Rev. John Clark, C.M.

OPINION PAGE

Why Grand Juries?

It has been the opinion of some judges and law enforcement officers that the greatest deterrent to crime would be swift and certain punishment. What the punishment might be is not so important as the fact that there would be no substitute, and no delay in its infliction.

All these technicalities that win delay of trials and what is worse for the public, too frequently win freedom for the guilty, encourage rather than discourage wrong doing.

There are several things that could be done to curb crime, including the firing of hundreds of political judges and venal law enforcement officials, and another of them would be to abolish the grand jury. A number of states have rid themselves of the grand jury system, relying on informations for the formal accusations on which the defendants are brought into court.

The use of informations avoids the delay now encountered with the grand jury system. With an information all a state's attorney has to do is fill in a form that states the charges and the defendant is brought into court forthwith and the trial date set for early hearing.

In downstate counties grand juries are called for each term of court. A court term may last two months. The grand jury may meet for a couple of days or a week, depending on how much business it has to transact, and then it is dismissed. It can be recalled but that could be an extra expense to the county, so if someone is arrested on a felony charge after the grand jury is dismissed it is likely he will not be subjected to indictment until the next term of court.

Some counties do not have a summer term of court so it could be late September or mid-October before a grand jury would be available to handle a case that had its beginning in late May or June.

Originally the grand jury system served a practical purpose. In early days when roads were bad and one had to depend upon a horse or his own legs to

take him places, a man doing grand jury service reported on conditions in his township -- each township is represented on a grand jury -- as well as considered what had transpired in others that was contrary to the law.

The claim that the use of informations would give a state's attorney more power is silly. There is only one side presented to a grand jury and anyone whom a state's attorney wants to indict is quite likely to be indicted. A court bailiff who once served Will county for some 40 years once said that the only time he ever recalled a grand jury to go against a state's attorney was many years ago when it refused to indict a Lockport youth accused of stealing a pocket watch.

There have been instances when grand juries have been used to smear a person's reputation by bringing in a report. The late Circuit Judge Vern Bartley, who was a very able student of the law and very seldom overruled in an appeal, had strong views on this report business.

A grand jury's function, he held, was either to bring in a true bill or not bring one in, and he refused to accept any report other than that called for in the act, the condition of the jail and the prisoners. Prior to the time Bartley was elected a grand jury did bring in a report against a county official who was seeking re-election. It was quite a smear and entirely political. Later attorneys for the official moved to have it expunged from the records and Judge Bartley allowed the motion.

If the grand jury was presented with evidence to warrant a criminal charge against the defendant then it was its duty to vote a true bill, returning an indictment against him, Bartley ruled. If the evidence was insufficient then the jury should have voted no true bill.

Filing of criminal charges through an information would save time and money for the county and speed up the trial of cases. The grand jury system is outmoded.

Something Wrong Here

We have all possible sympathy with people who decry student demonstrations on the ground that students should be grateful for the opportunity to obtain an education through the "hard earned" money of their parents and the taxpayers.

It is a good argument, but it just won't wash. The students are trying, rather ineptly, to prove a point which their parents and the other "hard working" taxpayers have missed, with tragic results.

Certainly it is deplorable to have college property destroyed. It is true that this is "our money" that has gone into the property that has been destroyed.

However, before we get too emotional about this, it would be a good idea to tote up the comparative cost of student destruction and the war in southeast Asia against which the students are protesting.

We don't have the figures, and we doubt

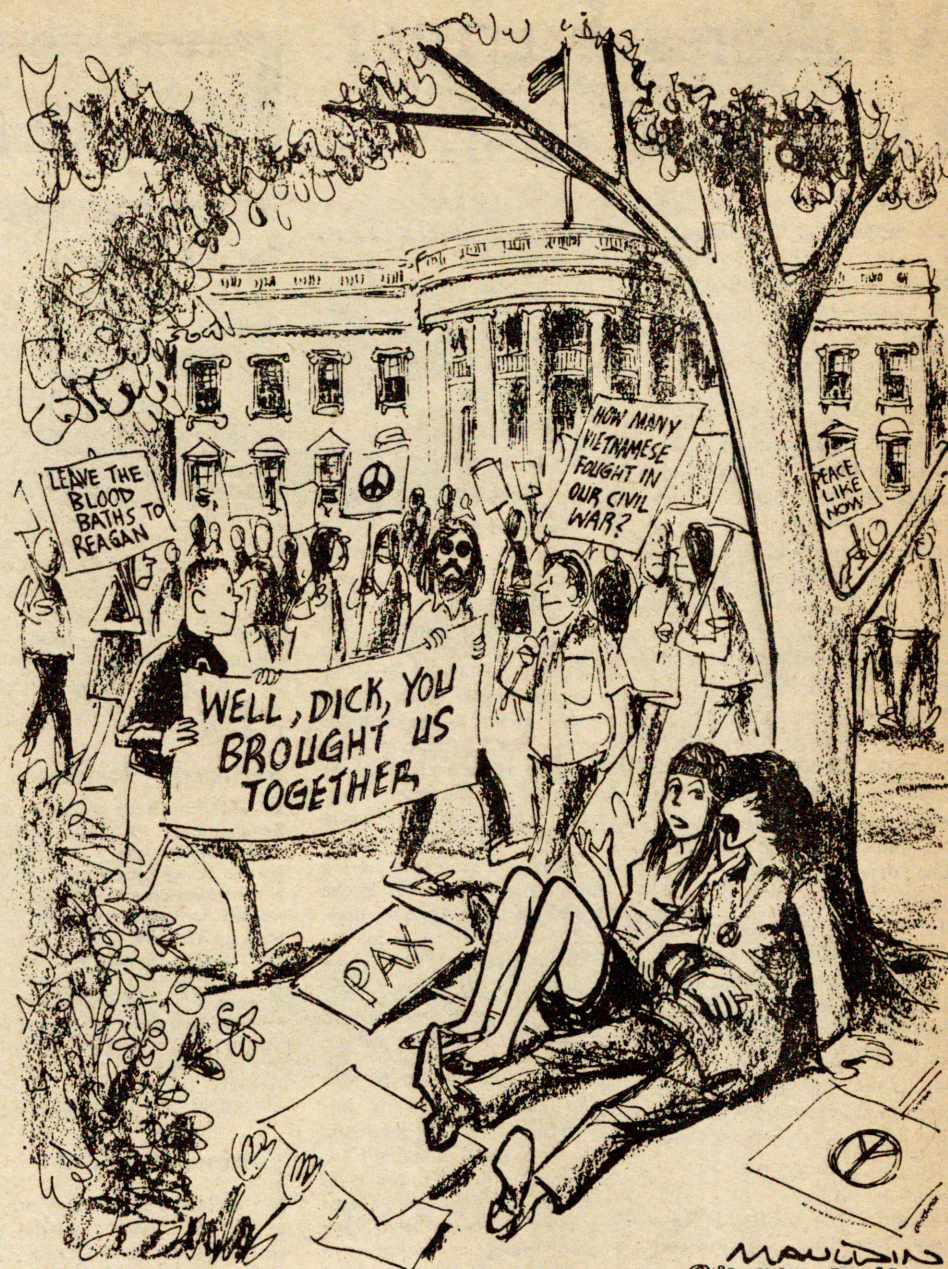

that anybody ever will have them, under a system of government in which prevarication seems to be a matter of national policy.

The students know that there is something wrong here. We don't condone their tactics, but we recognize that they know that there is something wrong here. And, in an inchoate way, they are trying to prove that they know it.

We all know it.

A Time For Review

Who would get upset if primary voters were handed a single ballot containing both party slates?

Under such a system, the only person to know the party affiliation of the voter would be the voter himself.

The "there they are, take your choice" approach now part of our secret balloting procedure in a general election does not extend down to the party primary level because the parties don't want it that way.

Today in Illinois, a primary voter must declare out loud his party affiliation; and he cannot jump over from one party ballot to the other party ballot unless 23 months have passed since he last voted in a primary election.

The primary elections are essentially party caucuses, which use public election machinery for their caucuses with the consent of the public, as expressed in state legislation.

THE SYSTEM is a basic part of the two party structure.

It provides for the regular party organizations pertinent date on the voting records of individuals, telling the organizations who their members are and where they live in addition to how they vote.

Thus, precinct committeemen, at the grass roots level can focus in upon members of their party in campaigning; the central organization can evaluate any request for political favors of patronage positions with a voting record in hand.

This, as we know, is a two-way street and the strength of the political parties is partly due to the number of persons who are bound to the party with ties made of more tangible stuff than philosophical or ideological strings.

As any person who actively works regularly for a political party can testify, individual voting records are useful.

FOR THE MAJORITY of voters, however, the need to declare a party affiliation at primary time is a deterrent to their voting.

Some resolve this reluctance by announcing themselves to friends and peers as "independents" and indicate by doing so that they feel free to choose unhampered by conflicting loyalties if the choice is not always the same.

But many registered voters claim, and are claiming again this year, that the need to declare kept them away from the polls. While we take this with a grain of salt, we agree that these people have a point when

they claim that the need to declare is an invasion of privacy.

Is this point of view prevalent and does the voting public believe a change should be made?

WE BELIEVE that a voter has one commitment, and that is to vote.

The need for a double commitment, one to vote and the second to declare, at the polls is now the system in use.

We doubt if the loyal and committed party members would be deterred from their efforts on behalf of the party or their philosophical commitment if the change to a single piece of paper with both ballots imprinted thereupon were made.

There would seem to be little inherent in this change which could endanger our basic and beloved two party system.

It is time, we believe to have a serious legislative review of the matter.

During a university strike —

This has to do with university strikes, the war in Vietnam, family life, and much more.

Each of us knows what is right and wrong, and we want to tell everyone else what is right and wrong. The problem is that not everyone agrees about what is right and wrong. So we try to tell everyone what we think is right and wrong. Others may agree with us, but it is still only an opinion.

And with everyone talking, who is listening? If i talk more than i listen, i may cause violence (maybe without realizing it) — even if i am You.

Nurse School To Celebrate Its 50th Year

JOLIET -- A celebration marking the fiftieth anniversary of the Saint Joseph Hospital School of Nursing will be held on Sunday, May 24 according to Sister M. Pauline, hospital administrator.

The public is invited to participate in the observance which will include a Mass at 12 noon at the Cathedral of Saint Raymond Nonnatus offered by the Most Reverend Bishop Romeo Blanchette, DD. The mass will be followed by a tea to be held at the school auditorium from 2 to 4 p.m. The school is located directly behind the Saint Joseph Hospital on Springfield Avenue.

Over 1,000 nurses have been graduated from the school since it was founded in 1920 by the Franciscan Sisters of the Sacred Heart. Sister M. Lilliosa Limacher was the founding director of the school. On October 27, 1922 seventeen young ladies comprised the first graduating class.

In 1922, the late Sister M. Priscilla Sapp became Director of the School. Her tenure in that position spanned some 43 years.

The new Saint Joseph Hospital was completed in 1964 and an educational building which houses the school of nursing was completed in 1965. In 1964 under the guidance and leadership of Sister Timothy Marie Flaherty, President of the Board of Directors of the Association of Franciscan Sisters of the Sacred Heart and Sister M. Theresa Ettelbrick (then the administrator of Saint Joseph Hospital), the school of nursing became the first day, diploma, school of nursing in the country.

In 1967 Miss Margaret

Brophy became Director of the educational program. In 1970 the school continues to flourish under the direction of Sister M. Pauline Racich current administrator of Saint Joseph Hospital and Miss Lois K. Benich, Director-designate of the nursing education program.

Today, with increased enrollment, Saint Joseph Hospital School of Nursing is the only school in Will County and several surrounding counties both admitting and graduating professional nurses. The school has full approval of the State of Illinois Department of Registration and Education and National accreditation, the stamp of excellence of the National League for Nursing.

Planning is being done by both the hospital and the Alumnae Association of the school for the celebration. Sister M. Pauline is coordinating the hospital committees composed of members from the hospital and school of nursing. Mrs. Elaine Carty and Mrs. Evelyn Leech are coordinating the Alumnae committees.

played and defeated the girls team from Arbury Hills by a score of 20-19. Our girls did a great job as this is the first time that many of them ever played baseball. As of May 12 there will be no more refunds made to anyone dropping out of the teams.

Also a reminder to all parents of Little Leaguers that the uniforms must be returned at the end of the season in a clean and repaired condition. There was also a financial report given by Mrs. Al Castens. \$940 has been spent for equipment. This includes uniforms and playing and safety equipment for the boys and girls and the umpire. There was \$150 spent to join the Lincoln-Way area league for the two older boys' teams and \$125 for insurance. It is hoped that more parents could attend the games as the children would appreciate the encouragement.

It is the parents' responsibility to see that your child gets to the game 30 minutes before starting time. The next meeting will be on Tues-

day evening, June 9 at 7:30 at the Ann Rutledge school...

Open House. Coffee tea or car?

Nothing's too good for any guest of ours. And we're planning on a houseful.

It'll be the perfect time for you to find out anything you want to know about what's new in this year's Volkswagen.

And why.

Or to ask us all the things you may have wanted to ask a Volkswagen owner as you were passing him.

Or as he was passing you.

Like: How does it go in snow? What do you get to a gallon? What do you do for parts? How's the resale?

Of course, you can just wander around on your own, too. Just as if 'Open House' wasn't happening.

All we ask is that you don't abuse our hospitality by trying to buy a car during Open House.

There's a time and a place for everything.

★ HONORING OUR NATION'S HEROES ★

*That
Others
Might
Live . . .*

On this Memorial Day the bugles sound, humbly honoring all those who have lost their lives in war, that others might live. Let us pause, if just for one moment this day, to honor these men who can never return. Together may we pray for an everlasting peace in the hearts of all men. We salute the families and friends of these, our most courageous servicemen, who have sacrificed their lives . . . that others may live in peace.

Locater Labels Sure To Make Tough Job Easy

NEW YORK (a) It's that time again... time to take your window screens out of winter storage and put them up for summer comfort.

Putting up screens is one job. Fitting them on the windows to which they were originally fitted is another. This can be a tough, time consuming, frustrating job.

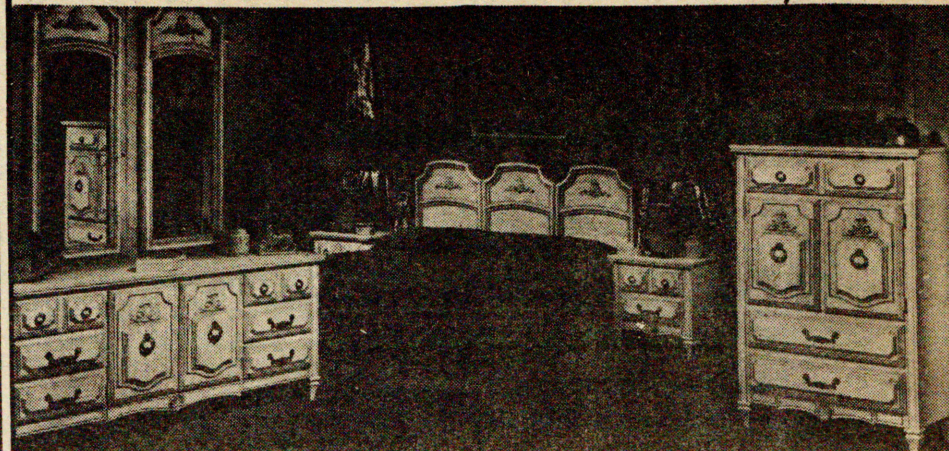

To take the trouble out of this annual task the weavers of aluminum screening have developed a series of locater labels. With these labels, getting the right screen on the proper window is no longer a trial and error ordeal.

The labels are printed in a series of matching numbers. Because they have a pressure sensitive backing, they are simply peeled from a sheet. Then a numbered label is applied to the screen frame. The pressure sensitive backing keeps the labels affixed to the window and screens.

Sets of the locater labels are available free from local building supply outlets, hardware stores and by writing the Wire Weavers Association at 441 Lexington Avenue, N.Y. 10017.

CREST HILL

This flameless electric range combines beauty and utility. The top is a smooth, glass-ceramic surface, which wipes clean easily. The oven cleans itself electrically.

Self-cleaning—Smooth Cook Tops—Micro-wave Ovens:

Bright New Ideas in Electric Ranges

When it comes to cooking equipment, the bright, new ideas have always been electric, according to the Live Better Electrically Program.

The electric range, itself, was the first completely flameless way of cooking in the history of mankind. All other cooking devices—from bonfires in a cave to fuel-burning stoves in a kitchen—cooked with a flame.

Just as the electric range took the flame out of cooking, electric power took the women power out of oven cleaning with the intro-

duction of the first self-cleaning oven in 1963.

Since then, two other bright new cooking ideas—both electric—have found their way to your local appliance dealer's showroom.

One is the beautiful glass-ceramic cooktop, which hides heat elements and drip trays and wipes clean easily.

The other is the almost miraculous micro-wave oven, which cooks food for busy families in minutes, instead of hours.

And you don't have to buy two or three electric ranges to get the benefits of all these bright, new ideas. Some electric ranges come with a combination of flameless cooking, a regular self-cleaning oven and a micro-wave oven. Others combine the convenience of flameless electric cooking on smooth-surfaced cooktops with the easy operation of an electric self-cleaning oven.

All are proof that the bright new ideas in cooking—and oven cleaning—are total electric.

1. TO GIVE NYLON, DACRON OR FIBER CURTAINS MORE BODY, ADD ½-CUP POWDERED MILK TO THE LAST RINSE WATER. THEN THEY'LL STAND SO TALL, THEY'LL DESERVE ANOTHER CURTAIN CALL!

2. SOCK IT TO THE COBWEBS! INSTEAD OF CLEANING YOUR CEILINGS WITH A DUST CLOTH OVER THE END OF A BROOM, RUBBER BAND SOCKS OVER THE END OF A YARDSTICK. THIS WAY IS LIGHTER AND MORE VERSATILE.

Electric Heat Installed Quickly

To convert to electric heat, a modern flameless electric furnace can be installed quickly and easily in place of the old fuel-burning heating plant which made repairmen happy and prosperous. The electric furnace hooks right into the existing warm air duct-work or the electric boiler into the hot water piping system in a matter of hours.

Other types of flameless electric units that can be installed include slim baseboard heaters, re-

cessed wall panel heaters and radiant ceiling systems.

All flameless electric systems can provide economical operation because they operate at 100 percent efficiency. They employ the simplest and purest form of heat—a resistance wire heated by electricity. There are no fuel lines, no burners and no combustion gadgets. Normal maintenance and operation usually consists of turning on the thermostat in the fall, and turning it off again in the spring.

Three Lockport college students, Dennis Blair, John Plumlee and Ronald Miller performed with the North Central College Concert Band in its annual spring concert Sunday, May 10...

Dennis, the son of Mr. and Mrs. Bill Blair, is a sophomore majoring in music, and plays the trumpet. John Plumlee, the son of Mr. and Mrs. K. Plumlee, is a freshman majoring in physics, and plays baritone. Ronald Miller is the son of Mr. and Mrs. Donald Miller, is also a freshman, majoring in music. He plays bass...

Mrs. John Raeside, Sisson Street, recently returned from California where she attended the funeral of her niece, Roberta Younger, the wife of Clifford Younger, formerly of Lockport. Beulah Fenrich of Caldwell, Idaho and Lt. Col. J. L. Norton also attended. Burial was in Forest Lawn Cemetery in Glendale, Calif...

Many residents have commented, rather unfavorably, with regard to a State Police car which went through the business district one day last week at an extremely high rate of speed. I wonder what was so important that it became necessary to endanger the life of anyone who might

have gotten in the way...
I miss seeing George Burnette across the street. George is very busy attending to his duties as Lockport's Street Commissioner...

The North Central Association must really be getting a lot of mail lately. Seems as though everybody is writing to them...

Mr. and Mrs. William Kosc attended a sales conference of the Allstate Insurance Companies at the Broadmoor Hotel in Colorado Springs, Colorado April 24 through 26. Kosc qualified as a member of the company's "Honor Ring" by being one of the outstanding sales representatives. He is assigned to the Sears building at River Oaks...

Sophie Schrupp's B&PW newsletter says the group has received a new emblem, to be erected at the north entrance to Lockport. The old one was stolen...

The Lockport Township Park District will celebrate its 25th Anniversary in August of this year. Lots of activities planned...

We have a new set of pictures again, courtesy of Steve Potter, the Graphic photographer. Come in and see them

In addition to spring flowers, May showers also seem to bring a great many sore throats. Such goofy weather.

After leaving the village hall the Legionnaires, accompanied by the Girl and Boy Scouts will go to the cemetery to decorate the graves of the war dead. A firing squad will fire

a salute at the cemetery and a bugler sound Taps.

After the parade the Legionnaires will go to the post hall for refreshments.

On Saturday evening the women of St. Peter's Church

On Sunday evening Bozin-Swinford Post will hold its annual memorial service for

those members who have died in the past year. A ritual team from the Huntley American Legion Post, in McHenry County, will have charge of the service and the Singing Knights of Lincoln-Way High School will provide the music.

Kirby Kinman To Speak

Help youth bridge the generation gap! Evangelist, Kirby L. Kinman, is conducting evangelistic meetings, with emphasis on young people, at the Bethel Missionary Baptist Church of

Arbury Hills

Arbury Hills, starting tonight, Wednesday, May 20, and continuing through Sunday, May 24, beginning at 7 p.m. each evening.

Rev. Kinman is the pastor of the North Avenue Baptist Church in North Lake. He is doing effective work with young people. The services, however, are for all ages to see "how to bridge the generation gap." There will be special music and a nursery will be provided...

There has been a time change in the meeting of the board of education of Summit Hill School Dist. 161 scheduled for next Monday night, May 25, in Arbury Hills School. The time was originally set for 8 o'clock, but the board will meet an hour earlier, at 7 p.m. ...

As long as this is not a very busy week for our community, the annual parade celebrating the opening of the Arbury Hills Baseball League Season is scheduled for this Sunday, May 24, beginning at 1 p.m.

Following the parade there will be trophies presented by the panel of judges. Fol-

lowing this will be the official opening games.

To add to the festivities there will be two new features to this year's parade. There will be a Queen of the Parade and Bike Day.

The Queen of the Parade was decided by a vote of the community from among six candidates: Sue Cumbee, Elsie Dornseif, Robin Lawson, Pat Lindeman, Mary Ann Tonra, and Mary Jo Walles. The voting was done by a canvass of the community last Saturday. The queen is to ride in the parade.

The Bike Day is an enlargement of previous years when some of the youngsters in the area decorated their bikes and entered the parade.

This year a written permission slip from the parents is required before the youngster is permitted to enter. Permission slips are to be presented to Mr. or Mrs. Hoger, whose number is 479-9192...

The Court of Awards for the local Boy Scouts of Troop 10 will be held next Wednesday evening, May 27, at the school beginning at 7 p.m.

The Board of Review for the rank advancements in scouting will be held this evening, Wednesday, May 20, at the home of Mr. Richard Boothe on Elm Avenue...

answers your
insurance Questions

QUESTION:

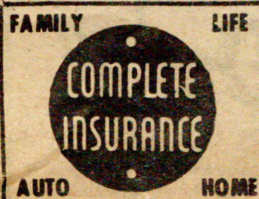

How much does it cost to raise the limits of automobile personal injury liability insurance from ten and twenty thousand dollars to fifty and a hundred thousand dollars?

ANSWER:

We can't answer you accurately without knowing the use to which your car is put and the ages of people who drive it. However the cost of the extra protection is quite small and today's big damage awards make it a good investment. See a good agent.
